

THE AMERICAN LEGION DEPARTMENT OF WISCONSIN

By Resolution adopted at the 2017 Department Fall Meetings

The Troop and Family Support Fund and the Veterans Assistance Fund have been merged into the ***Veterans and Family Support Fund***. The mission has not changed. The V&FSF will provide emergency funds to both veterans and active duty service members and their families. When we look into our communities we see veterans or families of the deployed in need.

Our Challenge: We have a donor who will match the first \$30,000 we raise throughout the legion family by July 2018. This equates to less than \$1.00 per member. Those Posts that meet the challenge will receive recognition in the Badger Legionnaire. The Post Challenge, if met, would provide approximately \$80,000 to the V&FSF.

Department Commander Clewell said, “This program impacts veterans and their families—in their time of need.”

Commander Clewell encourages Post to commence fund raising efforts to ensure the success of the challenge. Submissions to meet the challenge should be addressed to:
