We believe everyone who ever wore the uniform in defense of our country is a member of the “greatest” generation. You sacrificed to protect those you love and the principles you live by each day, the same principles are the lifeblood of The American Legion.

No matter when served, our Legion family welcomes you. And now that Congress agrees with us, we can ALL work together to solve problems and improve the lives of Wisconsin’s veterans, families and communities.

Welcome to the Legion Wisconsin family. We get more done together.
