

# Badger Boys State, Inc.

A PROGRAM OF THE AMERICAN LEGION DEPARTMENT OF WISCONSIN

April 2<sup>nd</sup>, 2020

To our generous donors:

We cannot thank you enough for the donation you have provided to our program. While it is unfortunate the program is cancelled this year, our commitment to serving out the intention of your donation has not changed, and we would like your input on how we move forward.

Before we talk about the details of your donation, I must inform you that our program will be more expensive in 2021 and the foreseeable future. As a result, we will be increasing the sponsorship fee for an individual student above the current \$300 level beginning in 2021. The specific sponsorship level price is yet to be determined.

The investment in a participant's sponsorship is, and will continue to be, a bargain. With your donation you are able to provide life-lasting inspiration for emerging leaders of Wisconsin communities, as they bring back a dedication to achieving their best and giving back to their home. It is a tradition that is woven into the fabric of Wisconsin.

As we prepare for the next session, we would like to provide options for your donated funds:

- 1) **Invest in a 2021 Badger Boys State Citizen.** With the increase in participation costs expected for next year, your donation this year will go toward a participant next year, lessening the amount needed for a full sponsorship.
- 2) **Request a Refund.** In these times of uncertainty, we understand if you would no longer wish to donate money to Badger Boys State. Please consider us again with any future philanthropic donations you may make.
- 3) **Invest in Badger Boys State.** As our participant cost has increased, so has our need to invest in our sustainability in ensuring a multigenerational program.

Please provide your feedback to [info@badgerboysstate.com](mailto:info@badgerboysstate.com)

We take pride in being able to service your donations and thank you greatly for your involvement with Badger Boys State.

Sincerely,

Robert Batty  
Chairman  
Badger Boys State
