

## Wisconsin American Legion Baseball Association Game Day Pitch Count Requirements

1. The W.A.L.B.A. Pitch Count Chart of both teams are to be presented to the opposing coach BEFORE the game for review.
2. During the game, pitch counts will be recorded by each team and the Registered Pitch Count Recorder (if one is on site). Any discrepancy in the count of either pitcher will be resolved at the conclusion of that inning. Both team recorders and the Pitch Count Recorder (if present) will compare the count of the current pitchers for both teams at the conclusion of every inning. This will be done at a location within the confines of the field as determined by the host.
  - If the counts are not the same, the predominant count (2 out of 3) will be considered official.
  - If all three counts do not match, the count indicated by the Pitch Count Recorder will be considered official.
  - If a pitch count recorder is not present, the home counter will be considered official.
3. At the game's conclusion, the W.A.L.B.A. Pitch Count Chart will be signed by both head coaches and the Pitch Count Recorder (if on site).
4. Both teams must report their own team's pitch count for each of their individual pitchers via the collection program.
5. Both teams will then have the responsibility to maintain every W.A.L.B.A. Pitch Count Chart and up to date pitch count records or log until their legion season is complete. Any discrepancy found after a game will be reported to the Regional Director and treated as an issue to resolve. A hard copy of any W.A.L.B.A. Pitch Count Chart must be available upon any Regional Director or other W.A.L.B.A. Board member's request.
